

## KNOW YOUR RIGHTS

**Everyone in the United States, including undocumented immigrants, has Constitutional rights and protections. Neither ICE nor the police will assume you want to exercise your rights. You must assert your rights by telling the officer you are exercising your rights.**

### **Say it out loud so it sticks:**

- **Am I free to go?**
- **I do not consent to a search.**
- **I'm going to remain silent. I want to speak to a lawyer.**
- **I have the right to film.**
